Hello Joseph,

Thank you for the call back. I appreciate your assistance.

Here is the link. Please click on the blue "E-file button" and complete the steps to file the Form 473. I also attached the guide for filing the form in case you need it.

<http://usac.org/about/tools/e-file.aspx/>

Thanks again,

John M. Beem Jr.

Thank you, John,

Is the system down? We are getting this message

System Error!

An error occurred while processing your request! Please try again.

I have reached out to support.

Hi Joseph,

6/22/2018

Quinn eSolutions, LLC Mail - E-rate Annual Certification Form

Were you ever able to get this form filed?

Thanks again,

John M. Beem Jr.
(877) 748-3447

Yes,
But it was stuck on filing status.

JR

Hi Joseph,

Can you retry submitting the form. Maybe it had something to do with the government being shutdown on Monday. If not maybe we can do a screenshare or something and I can see if I can help.

We need to get that resolved as soon as possible.

Thanks again for your assistance,

John M. Beem Jr.

Good morning,

Yes, I can try again. Today I am on the road looking at some job in MD so this may not happen until Monday realistically.

I will try over the weekend and update you.

JR

Good Sunday Mr. Beam,

NDT has successfully re-certified its organization with the E-rate program.
Our Service Provider and Billed Entity ID # (FCC Form 489 ID) - #143048041

We hope to assist your school with reducing its cost of the structured cabling and IT services this fiscal year.

Please contact Mr. Wallace Baker at wbaker@networkdesigntechnologies.com for any future business development assistance and information.
Mr. Baker - (856) 520-5996

Thank you,

Joseph Ruffin

Hello Joseph,

Unfortunately the certification is still not showing up in the system. It is an annual form so please make sure it has to been filed for funding year 2016 as this was the funding year that the project was completed.

If you need assistance please give me a call.

Hello everyone,

Please contact me as soon as possible to work on this issue. The certification is still not valid.

I can be reached at 877-748-3447.

Thank you,

John M. Beem Jr.

To: John Beem <jbeem@quinn solutions.com>

John,

I have been out of town, I am sorry that I did not see your email sooner. I was under the impression that your school no longer wanted to engage my company NDT. We also attempted to get our certification updated back in February. Am I to assume that you are looking to follow up on the extensive site survey that we completed?

Please advise of your goals in this matter.

Or contact the office on Tuesday.

Thank you,

J Ruffin

To: Joseph Ruffin <jruffin@networkdesigntechnologies.com>, Samantha Barbee <samantha.barbee@chavezschools.org>

Hello Joseph,

Thank you for your response. We are still trying to get E-rate reimbursements from work completed in summer/fall of 2016 but we are unable to get the request approved until the steps above have been properly completed. Since the last email someone has gone back in and completed the form for 2018-2019 but it also needs to be completed and signed for 2016-2017. If you did any E-rate work for other schools in 2017-2018 I would recommend doing it for that year as well while you are in there but we only need it for 2016-2017.

As you can see below the 2018 in the far right column indicates it was completed for 18-19 but that will also list 2016 and 2017 once you complete the form for those other two years as well.

I will attempt to contact the E Rate authority and learn how to sign off again, but we have been certified each year. I will research our first year and see if it was 2016 and forward that information. I logged into the site and they do not allow me to access previous years. I will contact the support personnel to assist.

I hope to help you in this matter ASAP.

J Ruffin

Hello again Joseph,

Have you made any progress on this issue?

I have pasted two tables so that you can see what it would look like if you had filed the form for other years and what it would look like if you filed it every year.

It can be filed for years prior and I do this all the time with vendors without issue so I am not sure why you are having a problem.

Please let me know what you need from us to make this happen.

Thank you,
